Laurelwood Arboretum

Laurelwood Arboretum is a 30-acre horticultural gem located in Wayne Township in northern New Jersey. Laurelwood features woodland trails and gardens, wildlife, two ponds, streams and hundreds of varieties of rhododendrons, azaleas and other species of plants and trees. Gravel paths wind and connect through the Arboretum, making it an ideal destination for nature lovers, hikers, runners, birdwatchers, artists and photographers.

Once a commercial nursery, Laurelwood Arboretum is now maintained as a public park through a partnership between the Township of Wayne and Friends of Laurelwood Arboretum, Inc., which was incorporated in 2003 as a 501(c)(3) non-profit volunteer organization.

The mission of Friends of Laurelwood Arboretum could not be pursued without the contribution of time and effort by volunteers. With only a handful of part-time employees, volunteers are essential to everything we do.

Please join us in keeping Laurelwood Arboretum beautiful. We are sure that you will find it to be a very rewarding experience!
