

GARDENING FOR NATURE

A FIVE PART SERIES

native plants and the home landscape

From Buzz to Chirps and Flashes:

Creating a Garden Paradise for Pollinators

Presented by Lourdes Osorio

SATURDAY, JUNE 10 | 12 NOON

Knippenberg Center for Education

725 Pines Lake Drive West, Wayne, NJ 07470

Create a garden that buzzes with life and attracts butterflies, bees, and other insects. This presentation discusses what gardeners can do to create a healthy habitat for a variety of insects and birds right in their garden! Garden design, maintenance, and native plant selection are addressed as well as specific host plants and what insects they support. Join the growing number of home landscapes that are improving our world through their gardens.

Presenter Lourdes Osorio

A passionate gardener for close to 30 years, Lourdes enjoys gardening not only for beauty but to provide an eco-friendly sanctuary for butterflies, bees, and other pollinators. She is a member of the Board of Directors of Laurelwood Arboretum, Wayne NJ, and its native plant garden curator. Lourdes is a social media influencer as the creator of Native Plant Channel on YouTube and Facebook, a free educational channel that helps gardeners design ecological landscapes by growing native plants.
